Major Functions and Activities

The Pembroke Pines Community Services Department/Southwest Focal Point Senior Center facilitates comprehensive services to those residing in Southwest Broward County. Specific programs are designed to meet the needs of those 60 years of age or older.

The Southwest Focal Point Senior Center complex is an approximately 53,000 square-foot facility offering eleven core social services developed to meet the needs of the community. Specific programs are designed to meet the needs of the geriatric population. The facility includes a library, two gyms, a billiard room, classrooms, a computer lab, a main hall, and over 5,000 square feet dedicated to Adult Day Care and Alzheimer's Day Care Programs. The diversified utilization includes university classes and professional training programs, meetings for clubs and organizations, and special City events. Facility rental is available for meetings, parties, and other social events.

~ INFORMATION and REFERRAL - All key staff members are trained to provide a knowledgeable response to senior inquiries. Knowledge gained through this service provision helps seniors identify their service needs and gather the data necessary to utilize the resources and opportunities available to them. Additionally, a social worker is on staff to provide comprehensive case management services.

~ RECREATION - Recreational activities are planned to meet the social and physical needs of the senior client, as well as to promote mental stimulation to encourage self-initiated use of leisure time activities. Along with daily activities, special events, shows, and field trips are scheduled.

~ HEALTH SUPPORT SERVICES - Health Support Services is a comprehensive health maintenance program inclusive of core services such as physical fitness, health, blood pressure screening, health assessment, monitoring of self-administered medication, nutrition, and health-related referral. Additionally, all staff members are certified in first aid and CPR to assist in medical emergencies.

~ COUNSELING - The supportive counseling program is facilitated via mental health professionals. The program is designed to assist by means of assessment. The counselor formulates a basic strategy to help the client address issues, resolve pressing problems, reduce or eliminate stress, and develop solid coping mechanisms. Both one-on-one and group counseling are offered on location. When psychiatric evaluation or specialized counseling is warranted, a referral is initiated and alternative resources are offered in an effort to deliver appropriate case management and secure appropriate placement.

~ ADULT DAY CARE - Coordinated under the supervision of a Day Care Coordinator, this program is specifically designed to provide a protective, structured environment with emphasis on remedial and restorative services for the frail and/or functionally-impaired adult in an effort to prevent or delay institutionalization.

~ PERSONAL CARE - This program provides assistance with eating, dressing, personal hygiene, and other activities of daily living. This service is provided through coordination with a home health agency.

~ HOMEMAKER - The accomplishment of specific home management duties including housekeeping, laundry, cleaning refrigerators, clothing repair, minor

Community Services

home repairs, meal planning and preparation. This service is provided through coordination with a home health agency.

~ RELIEF/RESPIRE - A relief or rest for a primary caregiver from the constant/continued supervision, companionship, therapeutic and/or personal care of a functionally impaired older person for a specific period of time. This service is provided through coordination with a home health agency.

~ ALZHEIMER'S DAY CARE - This is coordinated under the supervision of the Alzheimer's Day Care Coordinator. The program is specifically available to those diagnosed with Alzheimer's disease and is designed to maintain the current level of function in an effort to delay institutionalization. The program also provides respite and a monthly support group for caregivers.

~ VOLUNTEER SERVICES - The provision of a volunteer services program has proven to be a valuable enhancement to senior services offered at the Southwest Focal Point Senior Center. The Recreation Supervisor recruits, screens, trains and places prospective volunteers in appropriate positions within the Southwest Focal Point Center as well as various City departments and community organizations. When requested, unpaid bilingual volunteers are recruited and placed appropriately.

~ PUBLIC EDUCATION - The Public Education Program is facilitated by the Information and Referral Specialist/Social Worker, the Counselor, and the Health Support Services Coordinator. This specific group of staff members offers a wealth of knowledge and a wide range of expertise. Events such as health fairs, social service fairs, crime prevention workshops, hurricane preparedness training, and speaking engagements are planned to provide education and service resources to older adults and their families.

~ SPECIAL PROGRAMS - The Community Services Department hosts and sponsors several special programs. An on-site nutrition program is available to provide seniors with a hot meal meeting the one-third recommended daily allowance (RDA) requirements via the Broward County Meals on Wheels. Other programs include the Energy Assistance Program and programs coordinated for the visually impaired, hearing impaired, and handicapped persons. The center also sponsors English for Speakers of Other Languages (ESOL) classes provided by the Community School and the Respite for Elders Living in Everyday Families Program that provides screened volunteers to facilitate respite for

caregivers of homebound seniors. Intergenerational programming takes place on a daily basis at the center.

~ TRANSPORTATION - The Community bus service provides shuttle services within the City limits and transportation for residents 60 years of age or older without access to a vehicle and/or not holding a valid Florida driver's license. Transportation services are provided for medical and dental appointments, pharmacies, social service agencies, supermarkets, shopping malls, banks, post offices, center-sponsored field trips, as well as cultural and civic events. As of October 1, 2012, the City's Transportation Division ceased being a provider for Broward County's TOPS/ADA Program. All clients with TOPS/ADA eligibility were directed to seek transportation from Broward County via their Call Center. There was a member outreach within the Community Services department to educate all TOPS/ADA riders of these changes.

~ SCREENING AND ASSESSMENT - Is defined as administering an evaluation with the purpose of gathering information to determine eligibility for programs and/or seniors.

Budget Highlights

This is a status quo budget with minor changes over the 2012-13 working budget. These changes are attributable to inflation in most cases. This budget provides for maintenance of current services.

Continue to develop innovative programming that will promote physical and mental stimulation, encourage socialization and intellectual enrichment of Southwest Focal Point Community Center members. (Membership is available to persons 18 years of age or older.)

Continue to expand and enhance bilingual programs and services to support our culturally diverse population.

Intergenerational classes are thriving. Mud Daubers and Running with Scissors, both Parent and Child classes, are very popular among our participants.

Accomplishments

Federal Transit Administration Funds were granted to the City of Pembroke Pines through the South Florida Regional Transportation Authority to purchase five handicap-accessible 20-passenger buses and communication equipment.
